ADM-7.4

Mr. Charles Lockerby  
IBM, Data Processing Division  
1111 Connecticut Avenue, N. W.  
Washington, D. C. 20036

Dear Chuck:

This letter is to advise you of this Agency's requirement for an IBM 360 System, Model D-30 (16,384 bytes). The configuration of this system is to include:

<u>Quantity</u>	<u>Description</u>
1	IBM 1402 Card Read Punch, Model M1
2	IBM 1403 Printers, Model 3
3	IBM 2400 Series Magnetic Tape Units, Model 1 (22.5 MC), compatible with seven track magnetic tape
1	IBM 1052 Printer Keyboard, Model 1

Installation of this system is required in June 1965. We will appreciate your cooperation and advice stating your ability to meet this delivery schedule.
